

PLAN YOUR VICTORY GARDEN HERE AND NOW . . . IN THIS LANDSCAPED PLOT!

The lower border of the garden plot is marked as you'll note, into fifty spaces (1/6th of an inch each). These markings may indicate any distance adapted to your garden plot—one foot each, 18 inches, two feet. Why not hunt up the household ruler and plan your victory garden now, early crop, late crop, companion crops and all?
