George Kane, Director of Facilities Management  
Ohio Historical Society  
1982 Velma Ave.  
Columbus, OH 43211

Dear Mr. Kane,

I am writing to express the support of (Your organization's name) in support of the nominations to have several of Ohio's ancient and archaeological sites listed on the World Heritage List. Our organization's mission is \_\_\_\_\_, and is comprised of \_\_\_\_\_ people.

(Please state the reasons for your support and emphasize the local significance of the site(s) in which your organization is most interested). We think that having these sites on the World Heritage List would be a fitting achievement, recognizing the cultural and historic significance of these ancient sites and our community's commitment to ensuring their preservation.

It is our understanding that only 20-25 nominations will be forwarded by the National Park Service to the United Nations Education, Scientific and Cultural Organization (UNESCO) over the next 10 years. (Your organization's name) fully supports the nomination of (state either the Serpent Mound and Sun Watch Village nomination or the nomination of the Newark Earthworks, Hopewell Culture National Historical Park and Fort Ancient) to the World Heritage List. These ancient sites are a magnificent treasure of world-wide significance located in our state and are fully deserving of this recognition.

We wish you all the best. (Your organization's name) looks forward to learning more about the nomination's prospects as it moves along through the process.

Sincerely,
