

INTRINSIC QUALITY INVENTORY FORM

Project Name: National Road-Ohio

Date: (circle one): August 14 15 16 17 18, 2000

County: Belmont – BEL Guernsey – GUE Muskingum – MUS
 Licking – LIC Franklin – FRA Madison – MAD Clark – CLA
 Miami – MIA Montgomery – MON Preble – PRE
_____ Town (if applicable)

Route #:

Roadway Condition:

Surface: good, smooth surface fair surface poor, rough surface
Shoulder: broad gravel shoulder narrow gravel shoulder no shoulder
 curb & gutter
Cross-section: 2-lane 4-lane 4-lane divided other

Resource Assessment Notes

(Identification of resources should take place primarily on the maps; space for notes should be used for additional observations or other information that can not be conveyed visually)

Right-of-way (general character of the road, tree canopy/roadside vegetation, scenery, pull offs, sight distance, access, directional signs)

Context/Viewshed (visual detractions, visitor services, sign proliferation, character of surrounding development)

Individual Resources (contributing features/attractions, historic information, themes)
