This schedule lists Clerk of Courts - General Division records commonly found in county offices. The retention periods specified herein are either required by the Rules of Superintendence for the State of Ohio (Rule 26) or have been determined by best practice. Permanent records existing solely in electronic format may become inaccessible through media decay and/or hardware/software obsolescence. The Ohio History Connection recommends that digital records with greater than a 10 year retention period also be maintained in either paper or microfilm formats. Records may not be disposed of until all audits are released and audit discrepancies have been settled. Where a lawsuit or agency proceeding is pending, a legal hold on relevant records is required. Records shall be retained until the legal hold has been removed. ELECTRONIC MAIL (e-mail) is a format on which records are sent, received and/or drafted using electronic mailing systems. E-mail is NOT a record series. Instead, each individual e-mail should be evaluated according to its content and retained in accordance with the record series adopted within this schedule that the content most closely fits.
