Dear Parents & Teachers,

The James Preston Poindexter Foundation and Ohio History Connection are inviting Columbus City Schools students to participate in an art project, Poindexter Village—Windows of Stories. We are requesting students to create works for windows that cover the two remaining buildings for the first African American Museum and Culture Center located in Poindexter Village. The program provides the opportunity for talented artistic students to be inspired by the history and culture of the tremendous contributions of African Americans in Columbus, Ohio.

We are excited to collaborate with you to promote the excellent work by your students. We will award the winners with monetary cash prizes. For students who need them we are offering a limited number of “art kits” which include a canvas, paint and brushes. We look forward to seeing the art projects that highlight our Columbus City School students and our collaboration with teachers to support a historical cultural institution.
