Ohio Village Exposition

Entertainment for all Ages

Attention residents of Ohio Village! This Saturday our town will present the first annual Ohio Village Exposition. There will be many sights and experiences to be had as we look to the future and we welcome both residents and visitors of all ages to take part in the many wonders to be presented. Some of the highlights of this spectacle will include an “Exhibition Hall” featuring the latest technology and a look into the future. This will be a chance to see what the 20th century holds for us all. There will be a flea circus, although you are cautioned not to take any of the performers home with you. There will also be can-can dancers, a magic show, musicians, and artisans showing and selling their wares. As an added attraction our own village Muffins will be demonstrating their base ball skills on Muffin Field at 2 o'clock. This will be a Club Match and should be fun for all ages.

Birth of a New Game

Dr. James Naismith, a physical education professor and instructor at the International Young Men’s Christian Association Training School (YMCA) in Springfield, Massachusetts, USA, has invented an entirely new indoor game using a soccer ball and two peach baskets as goals (Basketball) while trying to keep his gym class active on a rainy day. His original set of rules are listed below:

1.) The ball may be thrown in any direction with one or both hands.
2.) The ball may be batted in any direction with one or both hands.
3.) A player cannot run with the ball. The player must throw it from the spot on which he catches it, allowance to be made for a man running at good speed.
4.) The ball must be held in or between the hands; the arms or body must not be used for holding it.
5.) No shouldering, holding, striking, pushing, or tripping in any way of an opponent. The first infringement of this rule by any person shall count as a foul; the second shall disqualify him until the next basket is made or, if there was evident intent to injure the person, for the whole of the game. No substitution shall be allowed.
6.) A foul is striking at the ball with the fist, violation of rules three and four and such described in rule five.

More Leisure Time

The lives of many Americans are becoming compartmentalized with clear distinctions between work and leisure that has not existed in the past. The change has produced a search for new forms of recreation and entertainment. In the past, few Americans considered leisure a valuable thing. On the contrary, many equated it with laziness or sloth. “Rest” as in the relative inactivity of many Americans used to consider equated it with laziness or sloth. On the contrary, many Americans considered leisure a valuable thing. On the contrary, many Americans

7.) If either side makes three consecutive fouls, it shall count a goal for the opponents (consecutive means without the opponents in the meantime making a foul).

8.) A goal shall be made when the ball is thrown or batted from the ground into the basket and stays there (without falling), providing those defending the goal do not touch or disturb the goal. If the ball rests on the edges, and the opponent moves the basket, it shall count as a goal.

9.) When the ball goes out of bounds, it shall be thrown into the field and played by the first person touching it. In case of dispute the umpire shall throw it straight into the field. The thrower-in is allowed five seconds. If he holds it longer, it shall go to the opponent. If any side persists in delaying the game, the umpire shall call a foul on that side.

10.) The umpire shall be the judge of the men and shall note the fouls and notify the referee when three consecutive fouls have been made. He shall have power to disqualify people according to Rule 5.

11.) The referee shall be judge of the ball and shall decide when the ball is in play, in bounds, to which side it belongs, and shall keep the time. He shall decide when a goal has been made and keep account of the baskets, with any other duties that are usually performed by a scorekeeper.

12.) The time shall be two fifteen-minute halves, with five minutes rest between.

13.) The side making the most points in that time is declared the winner.

**Tips for farmers**—Don’t cultivate (farm) any more land than you absolutely have to, which means better cultivation and less land.

If the wood pile is getting low—which should not be the case—you know that you will not have time to haul wood in the summer. In tests with Irish potatoes, deep planting with level culture yielded 254 bushels per acre, and shallow planting with hill culture gave a yield of 224 bushels.

So long as sawdust remains at the top of the ground it is alright as a mulch for strawberries, but if it gets into the ground it may sour and be injurious.

Things To Ponder

Atheism is a non-profit organization.

If man evolved from apes and monkeys, why do we still have apes and monkeys?

What if there were no hypothetical questions?

Is there another word for synonym?

One nice thing about egotists: They don’t talk about other people.

How is it possible to have a civil war?

If you try to fail, and succeed, which have you done?

Can an atheist get insurance against acts of God?

Dear Sir: Please excuse Jason for being absent yesterday. He had a cold and could not breed well.

Dear Mr. Thomas: Maryann was absent yesterday because she had a fever and upset stomach. Her sister was also sick and her brother had a fever. I wasn’t too well either. There must be something going around. Her father even got hot last night.
Celebrating 50 Years of Ohio Village

This year, we want to take time to reflect on the past 50 years of history in Ohio Village, and all the wonderful memories and experiences that have come about in that time.
