Patriotism Thrives in America

With the recent victory over Spain, Americans are feeling a new sense of pride in their country. America has now emerged on the world stage as a major power. The New Manifest Destiny that is being demonstrated is allowing the US to establish an empire like some of the powers of Europe. The grand thing is that as we establish that empire we are able to spread our culture to the less fortunate. We can spread the benefits of democracy, capitalism, and Christianity that we all enjoy. The rest of the world will be better for it.

The Arrival of the So-Called New Woman to Ohio Village

For as long as one can recall the ladies of the Ohio Village have maintained a common standard of decency in dress and behavior deemed acceptable to the times in which we live. However, it has been noticed recently that a new woman has arrived in the village. In the areas of questionable behavior, it is well known that some have frequently held games of chance in their home on Saturday afternoons where it is reported that money is changing hands. We have seen several women lately sporting what they call bloomers. No one is quite sure as to why such individuals would stoop to such behavior. They seem to be flaunting the established values of our fine village. Most concerning of all, it has been reported that other women are making weekly overnight trips to Columbus unescorted to “visit” with a friend. Where is the line? I argue that the arrival of this new woman threatens the happiness of every hearth and home. The idea that a woman should be free to choose her dress and behavior is ridiculous. Should there not be consequences to such unacceptable behavior? How can a gentleman make sure his wife is tending the home on Saturday afternoons while you are at the tavern and not out squandering your family fortune or worse? These could be trying times as we move into the next century.

Twinkle, Twinkle, Little Star

Twinkle, twinkle, little star;  
How I wonder what you are!  
Up above the world so high,  
Like a diamond in the sky.

When the glorious sun is set,  
When the grass with dew is wet,  
The Traveler in the dark,  
As your bright and tiny spark

In the dark blue sky you keep,  
And often through my curtains peep;  
For you never shut your eye,  
Till the sun is in the sky.

As your bright and tiny spark  
Lights the traveler in the dark,  
Thought I know not what you are,  
Twinkle, twinkle, little star.

Tips for farmers—Don’t cultivate (farm) any more land than you absolutely have to, which means better cultivation and less land. If the wood pile is getting low—which should not be the case—you know that you will not have time to haul wood in the summer. In tests with Irish potatoes, deep planting with hill culture yielded 254 bushels per acre, and shallow planting with hill culture gave a yield of 224 bushels. So long as sawdust remains at the top of the ground it is alright as a mulch for strawberries, but if it gets into the ground it may sour and be injurious.

Base Ball

A lively game of base ball will be contested on Sunday afternoon at 2 on the clock on Muffin Field at the Ohio Village. This will be a game between the Mansfield Independents and our local heroes the Muffins. Unlike many of the professional teams that have emerged in the big cities, the Muffins are an amateur team. They still play by the old civilized rules that emphasize the fun of the game and good sportsmanship. The professional attitude of winning at all costs will not be on display here. Rest at ease this is an event that is safe for the entire family to enjoy. A good time should be had by all. Come out and cheer the boys on.

All counties south of Franklin: Warm and showery weather prevailed. Wheat and oat crops predicted to yield medium harvests this summer. Corn looking to be splendid.

Cincinnati—The courts began to hear testimony which the state expects will bring the sausage maker to the gallows for uxoricide. The first witness was Diedrich Becknese, brother of the missing women, who reported Mr. Luetgert told him, in a nonchalant manner, that his wife had disappeared several days before and that he had not thought it worthwhile to report the matter to the police. More sensational testimony is expected.

A Child Murder
Wrapped in an old blanket and lying on the sidewalk on South Third Street was found the dead body of a colored girl baby late Saturday night. The skull had been crushed. It had apparently been dead about two days, and had never been dressed after birth.

Died From Her Burns
Mabel Marshall, age 42, who was so terribly burned by an explosion of gasoline. She died Sunday from her injuries. Even though her injuries were terrible, she died without suffering and she left no young children behind as she was childless.
